

To Whom it may concern:

I am writing this letter to recommend to you the excellent services of Securitum.

We, Ocado Innovations, have been using Securitum for external pen-testing of our developed systems/applications for more than 2 years.

Securitum is our top vendor which we prioritise over other service providers.

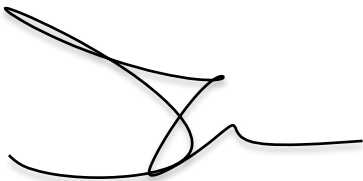

They are flexible in time, and always have a capacity of testers to accommodate a high volume of projects. Securitum provides high standart reports, professional and knowledgeable staff and customer service.

If you have any further questions, please do not hesitate to contact me.

Kind Regards,
